I am scheduled to be in Bristow this week, covering Wilcox Oil, and have the next week cleared for the exercise, however, if you need to move things around I am flexible.

Subject: FEMA Activation to Austin for Texas Flooding

The President signed a disaster declaration for Texas last night due to the flooding.

FEMA has deployed a IMAT team to Austin, and is activating most of the ESFs to deploy to the Interim Operating Facility in Austin to coordinate with other federal agencies and state agencies...

FEMA has asked for ESF-10 to deploy one person to Austin for the next 30 days...

I have spoken to Ronnie, and he asked me to send out an email to all OSCs and managers to see who may be available to deploy, beginning on Monday...

We may not have to be there for the entire 30 days (depending on if the state asks for any assistance), and future weather...

We may also be able to establish a rotation for two or 3 people to go down there for a week to 10 days...

If you are available to deploy, and interested, please send an email to Ronnie, as well as your manager, and please cc: me...

Thanks

With Regards, Steve
